

Jordan M. Taylor, M.Ed., Ph.D. (Hon.), CSCS, ACE-CPT

University of Kansas Edwards Campus

12604 Quivira Road

BEST Bldg. Room 350W

Overland Park, KS 66213

Office Phone: 913-897-8516, Email: jtaylor@ku.edu

Education:

- 2015 Ph.D. (Honors), Rehabilitation Science, University of Kansas Medical Center, Kansas City, KS
- 2006 M.Ed., Exercise Science, Wichita State University, Wichita, KS
- 2004 B.A., Exercise Science, Wichita State University, Wichita, KS
- 1999-2001 Attended Dodge City Community College, Dodge City, KS

Academic Appointments:

- 2018 - Present **Undergraduate Exercise Science Program Director**
Department of Health, Sport and Exercise Sciences, University of Kansas Edwards Campus, Overland Park, KS & University of Kansas Lawrence Campus, Lawrence, KS
- Develop curriculum, conduct program assessment, and schedule courses
 - Involved in strategic planning for implementation of new academic programs
 - Manage annual budgets and assist with hiring of new faculty
 - Plan and assist with marketing of the exercise science programs
 - Build relationships with local high schools, colleges, and the healthcare and exercise science industries
 - Engage in student recruitment and advising
 - Instruct various undergraduate courses (specific courses listed in subsequent section)
- 2015 - Present **Lecturer/Academic Program Associate**
Department of Health, Sport and Exercise Sciences, University of Kansas Edwards Campus, Overland Park, KS & University of Kansas Lawrence Campus, Lawrence, KS
- Undergraduate Courses Instructed:
 - HSES 305 - Methods of Strength Training and Conditioning (summer semester, 2016)
 - HSES 306 - Principles of Personal Training (spring semesters, 2016 – present)
 - HSES 369 - Kinesiology (spring semesters, 2016 – present)
 - HSES 370 - Health and Pathophysiology (fall semesters, 2015 – present)
 - HSES 375 - Neuromuscular Exercise Physiology and Motor Control (fall semesters, 2015 – present)
 - HSES 470 - Biomechanics (fall semesters, 2015 – 2017)
 - HSES 472 - Exercise Physiology (summer semester, 2016)
 - HSES 474 - Exercise Biochemistry (fall semesters, 2016 – present)
 - HSES 480 - Physical Activity and Exercise Management for Individuals with Disabilities (spring semesters, 2016 – present)
 - HSES 371 - Medical Terminology for Health Professionals (spring semesters, 2017 – 2018 & summer semesters, 2017 – present)
 - Actively engaged in student recruitment

2017

Lecturer/Adjunct Faculty Member

Department of Physical Therapy Education, Rockhurst University, Kansas City, MO

- Graduate Courses Instructed:
 - PT 6112 - Exercise Physiology Lecture
 - PT 6114 - Exercise Physiology Lab

2012 - 2015

Course Coordinator (PTRS 715- Applied Musculoskeletal Anatomy)

Department of Physical Therapy and Rehabilitation Science, University of Kansas Medical Center, Kansas City, KS

- Designed curriculum
- Instructed on-line classes for Post-Professional Doctorate of Physical Therapy students
- Engaged students in web-based discussion forums covering a variety of topics related to musculoskeletal anatomy in physical therapy practice
- Provided guidance on the appropriate application of current evidence-based research to clinical physical therapy situations

2009 - 2015

Graduate Research Assistant

Department of Physical Therapy and Rehabilitation Science, University of Kansas Medical Center, Kansas City, KS

- *Dissertation Title:* “Improving Traumatic Brain Injury Outcomes Through Gene Therapy and Exercise”
- Evaluated the feasibility of using smartphone technology (Concussion Manager iOS app; Capacity Sports, Inc.) to evaluate neural functions that are commonly impaired post-concussion
- Assisted in a clinical research project: “Exercise as an adjunct to smoking cessation treatment for African American women”
 - Provided weekly smoking cessation counseling to all study subjects
 - Measured vital signs
 - Supervised exercise sessions
- Investigated cardiopulmonary responses and the safety of maximal exercise testing in people during the chronic stage of stroke recovery

2009 & 2013

Graduate Teaching Assistant (PTRS 825- Exercise Physiology)

Department of Physical Therapy and Rehabilitation Science, University of Kansas Medical Center, Kansas City, KS

- Instructed Doctorate of Physical Therapy Students
- Lectures Presented:
 - Exercise Testing and Prescription in Older Adults, 1 hour lecture, November 2013
 - Adaptations to Resistance Exercise, 1 hour lecture, October 2013
 - Principles of Muscle Contraction, 1.5 hour lecture, September 2013
 - Neural Control of Exercising Muscle, 1 hour lecture, September 2013
 - Carbohydrate Metabolism, 2 hour lecture, September 2013
 - Lipid and Protein Metabolism, 2 hour lecture, September 2013 & 2009
 - Nutrition, Ergogenic Aids, and Environment, 2 hour lecture, October 2009
- Laboratory Sessions Instructed:
 - Submaximal Exercise Tests to Predict VO₂ max (Treadmill, NuStep, Step Test), 2 hour Laboratory Session, November 2013 & 2009

- Submaximal Exercise Tests to Predict VO₂ max (Rockport 1-Mile Walk Test & 6-Minute Walk Test), 1 hour Laboratory Session, November 2013 & 2009
- Blood Flow and Vascular Function, 1 hour Laboratory Session, October 2013
- Brain Blood Flow, 1 hour Laboratory Session, October 2013
- Assessment of Maximal Oxygen Consumption (Bruce Treadmill Protocol), 3 hour Laboratory Session, October 2013
- Strength and Balance Testing for Older Adults, 2 hour Laboratory Session, September 2013
- Introduction to Exercise Testing, Cardiac Risk Stratification, and Anthropometric Measures, 2 Hour Laboratory Session, August 2013 & 2009
- Body Composition Analysis, 2 hour Laboratory Session, October 2009

2006 - 2007

Lead Instructor for the National Strength and Conditioning Association Personal Training Certification Program

Professional Fitness Institute, Las Vegas, NV

- Designed curriculum and instructed classes in:
 - Anatomy and Physiology
 - Kinesiology
 - Nutrition
 - Pathology
 - Exercise Prescription
- Instructed Laboratory Sessions

2004

Weight Training Instructor (Introduction to Weightlifting)

Department of Kinesiology and Sport Studies, Wichita State University, Wichita, KS

- Instructed students on proper weightlifting technique and resistance training program design
- Designed a resistance training manual for students

Career History:

2008 - 2009

Personal Trainer

Gold's Gym, San Antonio, TX

- Designed and implemented training programs for a variety of clientele (general population, youth, elderly, and athletes)
- Provided health, fitness, and nutritional advice for clients
- Conducted fitness testing

2007 - 2008

Exercise Physiologist

Pressing On, San Antonio, TX

- Designed a comprehensive Spinal Cord Injury Recovery and Exercise manual for clients and staff
- Planned and implemented exercise programs for clients suffering from spinal cord injury
- Provided educational information about spinal cord injury and assisted with web-site design
- Evaluated new clients and led facility tours

2006 **Spinal Cord Injury Educator/Consultant**
Every Step Counts, College Station, TX

- Lectured, designed, and provided educational materials related to spinal cord injury and exercise for new employees at a spinal cord injury rehabilitation center
- Educated staff on appropriate exercise prescription for clients recovering from spinal cord injury
- Trained staff on the proper use of exercise equipment for clients with spinal cord injury

2003 - 2006 **Strength and Conditioning Coach/Personal Trainer**
Player Development Solutions and Lerch Personal Fitness, Wichita, KS

- Designed and implemented training programs for a variety of clientele (general population, youth, elderly, and athletes)
- Provided health, fitness, and nutritional advice for clients
- Conducted fitness testing

2003, 2005 - 2006 **Professional Football Player**

- Wichita Stealth Arena Football Team (2003), A Member of the Arena Football 2 (AF2) League, Wichita, KS
- Wichita Aviators Indoor Football Team (2005-2006), A Member of the American Professional Football League (APFL), Wichita, KS

Certifications:

2006 – Present Certified Strength and Conditioning Specialist, Certified by the National Strength and Conditioning Association (NSCA)

2003 – Present Certified Personal Trainer, Certified by the American Council on Exercise (ACE)

University Service:

2019 – Present Member of the University of Kansas Edwards Campus Bioscience Workforce Education Board (BIOWEB)

2018 – Present Member of the University of Kansas Health, Sport and Exercise Sciences Undergraduate Curriculum Committee

2018 – Present Member of the University of Kansas Edwards Campus Academic Leadership Council

2018 Member of the University of Kansas Edwards Campus Student Engagement and Inclusion Coordinator Search Committee

Other Professional Service:

2018 – Present Member of the Blue Valley Center for Advanced Professional Studies (CAPS) Health Science Pathway Advisory Council

2018 – Present Member of the J.C. Harmon Sports Medicine & Exercise Science Academy Advisory Board

2017 Expert Legal Witness for Case No. 2016-CV-000296, Division No. 4, District Court of Leavenworth County, KS. “Sharon A. Miller vs. Genesis Health Clubs of Leavenworth, LLC; and Kim Lutgen”

2011 Provided poster tours and explained current research on traumatic brain injury and spinal cord injury, to visiting high school students at the National Neurotrauma Symposium. Westin Diplomat Resort and Spa, Fort Lauderdale, FL. July, 2011.

Master and Doctoral Committees:

- 2020 Doctoral Dissertation Committee Member: Jonathan Miller, Ph.D. Student. University of Kansas, Department of Health, Sport, and Exercise Sciences, Lawrence, KS.
- 2019 Master's Thesis Committee Member: Stephanie Sontag, M.S. Student. University of Kansas, Department of Health, Sport, and Exercise Sciences, Lawrence, KS.
Thesis Title: "Androgen and glucocorticoid receptor phosphorylation following an acute resistance exercise bout in trained and untrained men."
- 2018 Doctoral Dissertation Committee Member: Justin Nicoll, Ph.D. Student. University of Kansas, Department of Health, Sport, and Exercise Sciences, Lawrence, KS.
Dissertation Title: "MAPK signaling and intracellular hormone receptor phosphorylation at rest and following resistance training."

Journal Review Experience:

- Ad hoc reviewer for:
 - International Journal of Sports Medicine

Honors and Awards:

- Nominated as a finalist for the *Honors for Outstanding Progressive Educators* (HOPE) award by the University of Kansas Senior Class, 2016
- Graduated with Honors (Ph.D. in Rehabilitation Science) from the University of Kansas Medical Center, 2015
- Graduate Student Poster Competition Finalist (abstract/poster was in the top 20 out of 379 submitted) at the National Neurotrauma Symposium, 2011
- Travel Grant Award Winner (\$500.00) for the National Neurotrauma Symposium, 2011
- Awarded an athletic scholarship to play football at Dodge City Community College, 1999

Research Activities:

My areas of research interest include: Conducting basic science research to understand the neuroprotective effects of exercise prior to and after TBI. Specifically, I am interested in examining how exercise may improve TBI outcomes by modulating neuroprotective genes and proteins (EPO, HO-1, VEGF) within the brain. I am also interested in studying exercise interventions for recovery from spinal cord injury and other neurological disorders and diseases in humans.

Laboratory Skills:

- *Behavioral testing (mice)*
 - Gridwalk for evaluation of sensorimotor function
 - Radial Arm Water Maze for assessment of spatial learning memory
- *Surgical procedures (mice)*
 - Controlled cortical impact for induction of traumatic brain injury
 - Transcardiac perfusion
 - Dissection of various brain regions (e.g., cortex, hippocampi, cerebellum) and lower hind-limb muscles (e.g., gastrocnemius, soleus, tibialis anterior, and extensor digitorum longus)
- *Bench Work*
 - Quantitative Reverse Transcription Polymerase Chain Reaction
 - Histology

- Stereology
- Microscopy and image analysis
- *Clinical Assessments*
 - Sport Concussion Assessment Tool 3 (SCAT3) testing
 - Concussion Manager App. for assessment of neural function (i.e., balance, memory, reaction time)
 - VO_{2max}, VO_{2peak}, and anaerobic threshold
 - Cardiovascular and pulmonary responses to exercise
 - Body Composition - DEXA
 - Dynamometry

Computer Skills:

- Microsoft Office
 - Word, Excel, PowerPoint
- SPSS
- Adobe Photoshop
- Image J
- Endnote
